For over one-third of a Century we have shipped to our thousands of Customers and Friends high grade Nursery Stock. This year we have a good supply of the same high grade pecan and fruit trees. Due to the present war conditions and to the shortage of materials and manpower we are not sending you a large colored descriptive catalogue as usual, but hope that you can get all the information necessary from this price list. Send us your order at once.

We guarantee all stock to be first class and in a living and growing condition upon arrival.

We do not pay express or freight charges. Send money order, check or draft with your order.

If you do not find what you want listed, let us hear from you, and we will help you locate it if we can not furnish it ourselves.

Better Rooted PECAN TREES

SUCCESS—Eastern variety. First class thin shell nut. Beautiful early bearing tree. Used for commercial plantings.

SCHLEY—Unsurpassed in quality and flavor. Fast growing tree with beautiful foliage. Very thin shell.

MOORE—Fast growing, early bearer, heavy producing tree. Excellent flavor, ideal for home and market use.

DELMAS—Vigorous growing tree, one of the best for shade purposes. Profitable because of size, shape and flavor.

STUART—Large nut. Fast growing scab resistant tree. Successfully grown in all sections on large variety of soils.

MONEY-MAKER—Suited to planting in Northern area. Medium size, fair quality. Offers a variety in shape and size.

MEYHAN—Eastern variety. Large long slender thin shell nuts. First class pecan with excellent flavor.

WESTERN SCHLEY—Thrives in drier climates and higher altitudes of the West. Healthy grower of large thin shell nuts.

OKLAHOMA—Originated in Ardmore, Oklahoma and adapted to Oklahoma and West Texas. Large thin shell nut. Very heavy producer.

BURKETT—One of the best Western varieties. Large nut with very thin shell. Scab resistant in West. Heavy producer.

SQUIRREL'S DELIGHT—Western variety. Early and heavy producer. Splendid variety, large nut and the earliest good seller on the market.

VANDEMUN—One of the heaviest bearers. Nuts are large in size. A very good polenizer.
